Savanur 10/3/1916.

The fair is to be held this year on the 19th 20th & 21st of March/1916. But plague having been prevalent at Savanur at present, a notice is being published

In No: 134

in a largely circulated newspaper
drawn to the effect that the intending
visitors should not attend the fair
this year. so it is not likely that
a large no: of people ^{will} gather here
this year. There is a Muntiy here?

The Muntiy staff will see that
the locality around the Math where
Bramins gather for worship and

meals - is kept clean & free of rubbish &c.
~~Arrangements will also be made for the supply of good drinking~~
~~water to the few that attend the gathering.~~

There are good many
wells containing
good drinking water
which will be made
available for the people
pilgrims.
